

European Physical Society
&
Plasma Sources Science
and Technology

Award the 2010 William Crookes' Prize for Plasma Physics to

Dr. Zoltan Donko

from the Hungarian Academy of Sciences

*For his major contributions to the understanding of the effect of elementary
processes on the properties of gas discharges and strongly coupled plasmas*

Chair of the Steering Committee

Novi Sad, Serbia, July 2010

Professor William G. Graham
Queen's University of Belfast
